

An aerial photograph of a dense, vibrant green forest. A winding blue river flows through the landscape, creating several small islands and peninsulas. The forest is thick and appears to be a tropical or subtropical environment. A white rectangular box is overlaid in the center of the image, containing text. The text is in a black, cursive font. The background of the entire image is the forest and river scene.

Engage: Brazil

2024 - 2025
